Galleri is a Danish themed cafe restaurant and in fact the Danish word for "Sajiki" is Galleri. "Sajiki" is the box seat in the theatre with the best view of the stage, therefore Awaji "hanasajiki" is the box seat in the theatre of flowers. The menu at Galleri is supervised by renowned chef Shinya Maeda, who for seven consecutive years was awarded stars in the Tokyo Michelin Guide. Specialities include Smørrebrød (Smobro) a traditional Danish open-faced sandwich, homemade pancakes and organic tea. Which can be enjoyed while viewing the beautiful scenery from inside the cafe or the patio.
